

DPI IN ACTION: THE MINING RESEARCH BATTLEFIELD

By piloting research innovation at speed, we're building new and workable solutions to some of the industry's toughest sustainable development challenges.

The Mining Research Battlefield is the new global platform for sustainability and innovation in the mining sector in partnership with Business for Development and Mining Indaba.

The platform is aimed at building collaboration between the mining industry, academia, business, NGOs and young people who have a vested interest in sustainable mining for development solutions. The inaugural Battlefield will take place at Mining Indaba 2022.
